COMPANY PROFILE

نبني الهياكل المعدنية بصلابة، ونقدم المعدات الثقيلة بكفاءة، لنصنع لك مشاريع تدوم وتتفوق على التحديات.

Building steel structures with strength and delivering heavy equipment with efficiency creating projects that endure and outperform challenges.

steel-eyes.com

ABOUT US

We have solid expertise in executing steel structures and buildings, as well as providing heavy equipment solutions. By combining engineering precision with disciplined execution, we deliver durable projects that stand the test of time. Our strength lies not only in steel, but also in a clear vision, a qualified team, and modern technologies driving every step. From concept to delivery, we are committed to quality, safety, and fast execution, with strict adherence to timelines offering integrated solutions that exceed our clients' expectations, meet challenges, and endure over time.

نمتلك خبرة راسخة في تنفيذ الهياكل والمباني المعدنية وتوفير حلول المعدات الثقيلة، حيث نجمع بين الدقة الهندسية والانضباط في التنفيذ لنمنح عملائنا مشاريع متينة تدوم لسنوات. قوتنا لا تكمن في الحديد وحده، بل في الرؤية الواضحة والفريق المؤهل والتقنيات الحديثة التي تقود كل خطوة. ومن الفكرة وحتى التسليم، نلتزم بالجودة والسلامة والسرعة في الإنجاز، مع احترام صارم للجدول الزمنية، لنقدم حلولاً متكاملة تتجاوز توقعات عملائنا وتواكب التحديات وتصمد أمام الزمن.

OUR MISSION

To provide integrated engineering solutions in the field of steel structures and heavy equipment, built on quality and professionalism, meeting our clients' requirements with precision, while ensuring sustainability and safety at all stages of work.

تقديم حلول هندسية متكاملة في مجال الهياكل المعدنية والمعدات الثقيلة، تركز على الجودة والاحترافية، وتلبي متطلبات عملائنا بدقة، مع ضمان الاستدامة والسلامة في جميع مراحل العمل.

OUR VISION

To be the first and leading choice in the Kingdom and the region for executing steel structures and heavy equipment services, through continuous innovation, efficient execution, and the strength of our teams.

أن نكون الخيار الأول والرائد في المملكة والمنطقة في تنفيذ الهياكل المعدنية وخدمات المعدات الثقيلة، من خلال الابتكار المستمر، وكفاءة التنفيذ، وقوة فرق العمل.

OUR VISION

CORE VALUES

- **Safety:** Ensuring a safe working environment for all teams and sites.
- **Quality:** Executing projects in accordance with the highest international standards.
- **Commitment:** Honoring deadlines and our commitments to clients.
- **Innovation:** Developing innovative solutions to meet diverse needs.
- **Transparency:** Building relationships based on trust and credibility.

ضمان بيئة عمل آمنة لجميع فرق العمل والمواقع.

تنفيذ المشاريع وفق أعلى المعايير العالمية.

احترام المواعيد وتعهداتنا مع العملاء.

تطوير حلول متجددة تناسب مختلف الاحتياجات.

بناء علاقات قائمة على الثقة والمصداقية.

● **السلامة:**

○ **الجودة:**

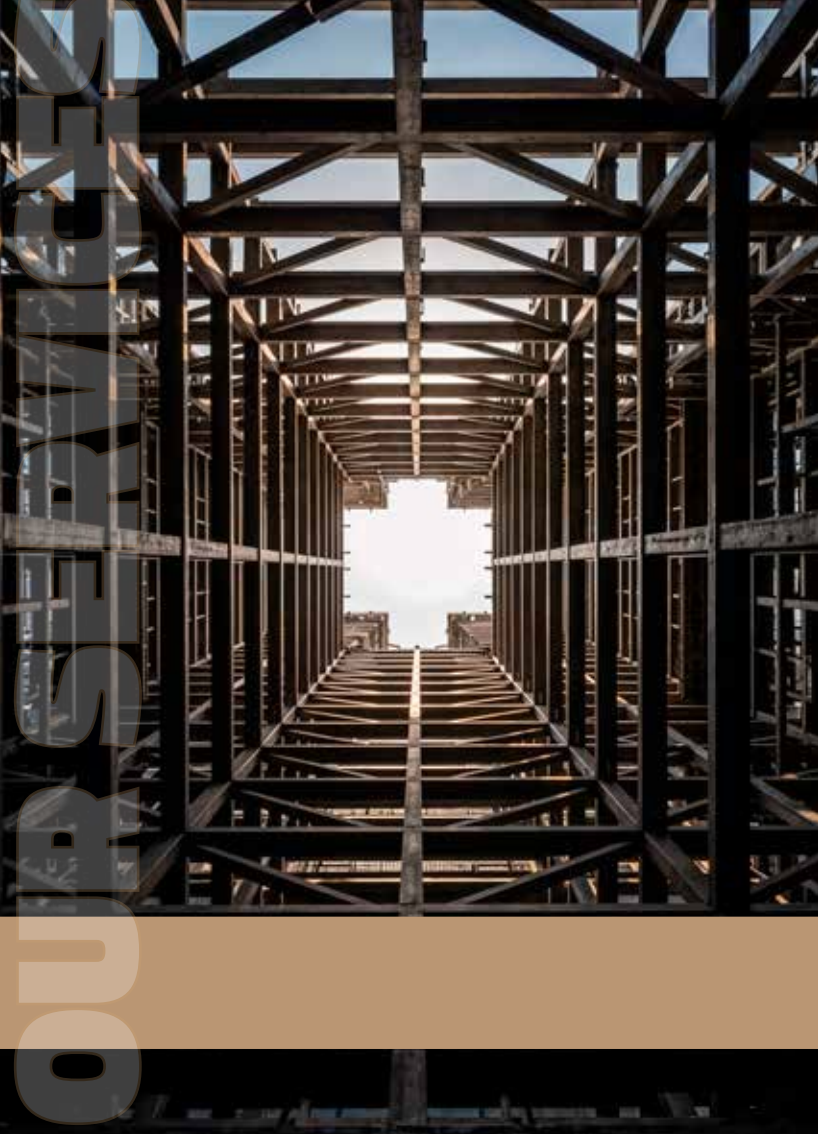

● **الالتزام:**

○ **الابتكار:**

● **الشفافية:**

CORE VALUES

OUR SERVICES

STEEL BUILDING AND STRUCTURE INSTALLATION

- Execution of steel structures for major projects including airports, bridges, shopping malls, factories, and warehouses.
- Supply and installation of high-durability sandwich panels and steel canopies.
- Implementation of Metal Deck systems with Shear Stud at the highest quality standards.
- Capability to execute based on provided designs or deliver full design-and-build solutions.

تركيب المباني والهياكل المعدنية

- تنفيذ الهياكل الحديدية للمشاريع الكبرى بما في ذلك المطارات، الجسور، المولات التجارية، المصانع، والمستودعات.
- توريد وتركيب ألواح الساندوتش بانل والمظلات المعدنية عالية التحمل.
- تنفيذ أنظمة Metal Deck مع Shear Stud بأعلى معايير الجودة.
- إمكانية التنفيذ وفق التصاميم المقدمة أو تقديم خدمة التصميم والتنفيذ المتكامل.

OUR SERVICES

METAL BUILDING MAINTENANCE

- Rust and corrosion treatment to restore the efficiency of steel structures.
- Reinforcement and repainting of metal structures to maintain durability.
- Execution of structural repairs as required.
- Replacement of roof coverings, sandwich panels, and steel sheets as part of comprehensive maintenance services.

صيانة المباني المعدنية

- معالجة الصدأ والتآكل واستعادة كفاءة الهياكل المعدنية.
- تدعيم وإعادة طلاء الهياكل للحفاظ على متانتها.
- تنفيذ التصليحات الإنشائية حسب الطلب.
- تبديل أغشية الأسقف، ألواح الساندوتش بائل، والصاج ضمن أعمال الصيانة المتكاملة.

HEAVY EQUIPMENT RENTAL

- Equipment rental: Cranes, forklifts, man lifts, scissor lifts, generators, lighting towers, excavators, and loaders.
- Rental with licensed and professionally trained operators, fully certified to meet project requirements.
- Provision of required calibration certificates for all equipment as per project standards.
- Regular preventive maintenance to ensure optimal performance.
- Fast on-site maintenance response, with immediate replacement units provided when needed.
- High readiness to meet project demands across various sizes and sectors.

تأجير المعدات الثقيلة

- تأجير المعدات: كرينات، رافعات شوكية، مان ليفت، سيزر ليفت، مولدات كهربائية، أبراج إنارة، حفارات، ولوادر.
- تأجير مع سائقين مرخصين ومدربين مهنيين، مع شهادات ومعايير مطابقة لاحتياجات كل مشروع.
- توفير شهادات المعايرة المطلوبة للمعدات وفق متطلبات المشاريع.
- صيانة دورية للمعدات لضمان الأداء الأمثل أثناء التشغيل.
- استجابة سريعة لطلبات الصيانة في الموقع مع توفير بدائل تشغيلية فورية عند الحاجة.
- جاهزية عالية لتلبية متطلبات المشاريع بمختلف أحجامها ومجالاتها.

CUSTOMIZED PROJECT SOLUTIONS

- Comprehensive engineering and technical consultancy guiding projects from planning to execution.
- Design-and-build services ensuring full alignment with the highest quality and safety standards.
- Supply of reliable, high-quality materials and components for sustainable results.
- Execution of modifications and upgrades to existing buildings to meet modern requirements.
- Full project management from concept to final delivery, with strict adherence to time, cost, and quality.

حلول مخصصة للمشاريع

- تقديم استشارات هندسية وفنية شاملة تقود المشروع من التخطيط وحتى التنفيذ.
- تصميم وتنفيذ متكامل يضمن توافق كل مرحلة مع أعلى معايير الجودة والسلامة.
- توريد مواد ومكونات موثوقة وعالية الجودة تدعم استدامة المشروع.
- تنفيذ التعديلات والتطويرات على المباني القائمة لضمان توافقها مع المتطلبات الحديثة.
- إدارة المشروع بالكامل من الفكرة وحتى التسليم النهائي مع الالتزام بالوقت والتكلفة والجودة.

HUMAN RESOURCES

We take pride in having a team of over 100 well-trained workers from diverse nationalities, under the direct supervision of highly experienced supervisors and team leaders, along with specialized engineers who oversee all technical and engineering stages, ensuring precise execution and exceptional quality.

الموارد البشرية

نفخر بامتلاك فريق يضم أكثر من ١٠٠ عامل مدرب من جنسيات متعددة، تحت إشراف مباشر من مشرفين وقادة فرق ذوي خبرة عالية، إلى جانب مهندسين مختصين يشرفون على جميع المراحل الفنية والهندسية، مما يضمن تنفيذ الأعمال بدقة وجودة فائقة.

SUPPLY CHAIN

SUPPLY CHAIN

Suppliers

A wide network of top-certified suppliers of steel and metal components.

شبكة واسعة من أفضل موردي الحديد والمكونات المعدنية المعتمدين

Transportation & Storage

A fully equipped fleet ensuring fast delivery of materials and equipment.

أسطول مجهز لضمان سرعة نقل المواد والمعدات.

On-Site Execution

Specialized teams for installation and maintenance.

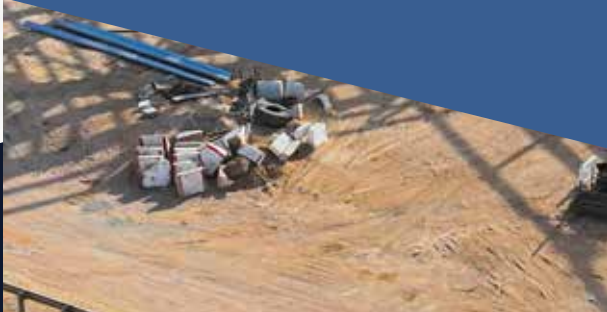

فرق متخصصة في التركيب والصيانة.

Monitoring & Quality

Strict mechanisms to ensure quality control at every stage.

التنفيذ الموقعي: المتابعة والجودة: آليات صارمة لمراقبة الجودة في كل مرحلة.

COMPANY PORTFOLIO

KING ABD ALAZIZ AIRPORT JEEDAH

The company participated in the execution of the King Abdulaziz International Airport Project in Jeddah, owned by GACA Jeddah Airport, in collaboration with the Bin Laden Group as the main contractor. Our scope of work included the installation of 2,000 tons of steel structures and 10,000 m² of sandwich panels for Mitwalli Group, executed in full compliance with the highest standards of quality and safety applied in major national projects.

AL TAMIMI KHTCHEN NEOM

AL TAMIMI KHTCHEN NEOM

The company participated in the execution of the Al-Tamimi Kitchen Project – NEOM, owned by Al-Tamimi Co., in collaboration with NEOM as the main contractor. Our scope of work included the installation of steel structures covering an area of 5,500 m² for Al-Zamil Company, carried out with the highest levels of precision and quality.

MANSWRAH MASRAH GOLD DOLOM

MANSWRAH MASRAH GOLD DOLOM

The company participated in the execution of the Mansourah Massarah Gold & Dolomite Plant Project, owned by MA'ADEN, in collaboration with Larsen & Toubro (L&T) as the main contractor.

Our scope of work included the installation of PEP units covering an area of 3,000 m² for Al-Shahine Company, performed in accordance with the highest standards of safety and industrial quality.

MANWRAH MASRAH GOLD DOLOM

MANWRAH MASRAH GOLD DOLOM

The company participated in the execution of the MANWRAH MASRAH GOLD DOLOM Project, in collaboration with Larsen & Toubro (L&T) as the main contractor. Our scope of work included the installation of PEP units with a total weight of 2,500 tons for Energya Company, executed in full compliance with the highest standards of quality and safety applied in major mining projects.

GCM SINDALLAH

GCM SINDALLAH

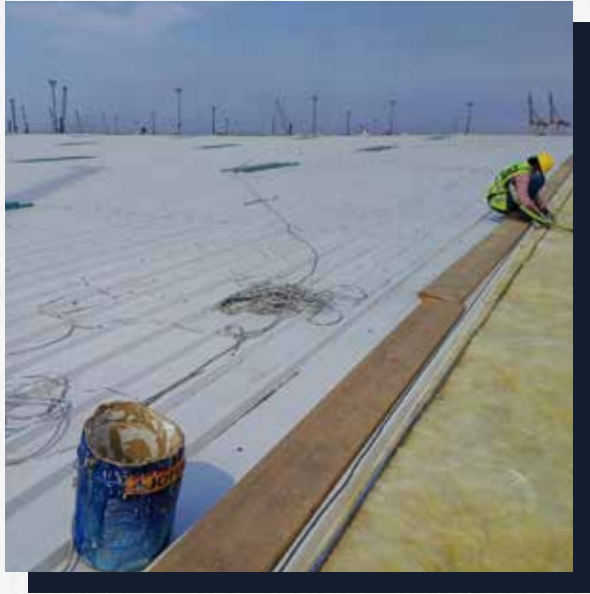

The company participated in the execution of the GCM Project NEOM Sindalah, owned by NEOM and carried out in collaboration with NESMA as the main contractor.

Our scope of work included the installation of steel structures with a total weight of 150 tons for AFCO Steel, executed in accordance with the highest standards of precision and quality applied in NEOM's advanced development projects.

TOTAL OIL FACTORY

TOTAL OIL FACTORY

The company participated in the execution of the Total Oil Factory Project, owned by Total and carried out in collaboration with Mitwalli Group as the main contractor. Our scope of work included the replacement of single skin panels covering an area of 5,500 m² for Mitwalli Group, executed with the highest standards of quality and precision in industrial renovation works.

ALTAHLIH MALL

ALTAHLIH MALL

The company participated in the execution of the Tahliah Mall Project, owned by Tahliah Mall and carried out in collaboration with EDSCO as the main contractor. Our scope of work included the installation of steel structures with a total weight of 220 tons for AFCO Steel, executed in full compliance with the highest standards of quality and safety for large commercial developments.

FILM ALULA PH I

FILM ALULA PH I

The company participated in the execution of the Film AlUla Project – Phase 1, under the Royal Commission for AlUla (Film AlUla), in collaboration with FMC as the main contractor. Our scope of work included the installation of steel structures with

a total weight of 1,300 tons and 3,000 m² of sandwich panels for AFCO Steel, carried out in accordance with the highest standards of precision and quality in cultural and entertainment infrastructure projects.

ROYAL COMMISSION OFFICE

ROYAL COMMISSION OFFICE

The company participated in the Royal Commission Office Project in collaboration with AlBawani as the main contractor. Scope of work: installation of 350 tons of steel structures for AFCO Steel.

MECCA STEEL BRIDGE

MECCA STEEL BRIDGE

The company participated in the Mecca Steel Bridge Project in collaboration with AlAiooni as the main contractor, on behalf of the Royal Commission. Our scope of work included the installation of 9 steel bridge units totaling 700 tons, executed in

full compliance with the highest standards of quality and safety, ensuring the durability and structural integrity of the bridge for long-term performance.

KING FAHED CULTURAL CENTER

KING FAHED CULTURAL CENTER

The company participated in the King Fahd Cultural Center Project in collaboration with FGC as the main contractor, on behalf of the Royal Commission. Our scope of work included the installation of steel structures totaling 400 tons, executed in full compliance with the highest standards of quality and safety, ensuring the structural integrity and long-term durability of the cultural center while providing a safe environment for visitors and cultural activities.

AIRPORT NEOM TERMINAL 2

AIRPORT NEOM TERMINAL 2

The company participated in the NEOM Airport Terminal 2 Project in collaboration with ICAD as the main contractor, on behalf of NEOM. Our scope of work included the installation of steel structures totaling 1,150 tons and 8,900 m² of sandwich panels, executed in full compliance with the highest standards of quality and safety, ensuring the durability and operational efficiency of the terminal in one of the most important future-oriented airport infrastructure projects.

SEVEN ENTERTAINMENT - ALKHARJ

SEVEN ENTERTAINMENT - ALKHARJ

The company participated in the Seven Entertainment Project – AlKharj in collaboration with Hassan Allam as the main contractor, on behalf of Seven Company. Our scope of work included the installation of steel structures totaling 2,300 tons and 800 m² of metal deck, executed in full compliance with the highest standards of quality and safety, ensuring the durability and operational efficiency of the facility in the entertainment sector.

AL-ULA HEALTH REHABILITATION CENTER

AL-ULA HEALTH REHABILITATION CENTER

The company participated in the Al-Ula Health Rehabilitation Center Project in collaboration with NESMA as the main contractor, on behalf of the Royal Commission for AlUla. Our scope of work included the installation of steel structures

totaling 350 tons, executed in full compliance with the highest standards of quality and safety, ensuring the structural integrity and operational efficiency of the facility in delivering top-level health rehabilitation services.
